

## Security Camera Rebate Program

### Background

As with many communities, the challenges of theft and vandalism persist for our residents and businesses.

### Goal

Our objective with this incentive is to foster the adoption of video security systems among property owners.

### Financial Details

- **Proposed Rebate:** We suggest offering a rebate equivalent to 15% of the total purchase price, capped at a maximum rebate of \$200.00.
- **Funding Sources:** The Village will allocate funds for this initiative.
- **Payment Method:** Rebates will be credited to the recipient's Light Account, while non-light customers will receive payment via cheque.
- **Initial Funding:** Budget of \$5000 for the program's implementation.
- **Systems purchased after April 1<sup>st</sup>, 2024,** will be eligible for the program.

### Qualification Criteria

- **Eligibility:** Both municipal residential and business customers can qualify for the rebate by presenting their original purchase receipt at the Village Office.
- **Limit:** One rebate per residence or business.
- **Flexibility:** The Council retains the option to augment funding if the initial allocation is depleted.

### Qualified Equipment

**Eligible Systems** - Any security system equipped with video storage capabilities will qualify for the rebate.

### Partnership Opportunity

Council may, based on local activity, invite program participants to voluntarily share their video storage with law enforcement to enhance policing efforts.
